

If you've been diagnosed with mesothelioma,
SIMMONSCOOPER IS ON YOUR SIDE.

Call 1-866-468-8631 or email info@simmonscooper.com for more information.

With You Right From the Beginning

SimmonsCooper is here for you and your family to help put you at ease. We understand this is a very difficult time. Mesothelioma affects your life in so many ways: medically, of course, but also financially, socially and psychologically.

SimmonsCooper was founded to treat people like you with the care and respect you deserve.

We are dedicated to giving you the power to stand up for your rights; to help you regain stability lost due to someone else's negligence.

You should know, above all, that SimmonsCooper is on your side, here to help you stand up and aggressively fight for your rights against the companies that have harmed you. If you select us to represent you, we will put our full experience, knowledge, resources and commitment to work for you.

Committed to Finding a Cure

Our commitment does not stop in the courtroom. We will not rest until there is a cure for mesothelioma. This is not an empty promise. We actively support organizations like the Mesothelioma Applied Research Foundation and the International Mesothelioma Program that are looking for new treatments and possible cures for this terrible disease. And our firm recently pledged \$10.2 million to support research at the SimmonsCooper Cancer Institute at Southern Illinois University.

Take the Next Step

We work for you on a contingency basis, which means taking legal action will not cost you anything. Rest assured we will be open, honest and fair. We'll never make promises we can't keep. And you will never pay us until we win your case.

**Call 866.468.8631 to arrange a free,
confidential consultation.**

EXPERIENCE

Over the years, we have represented thousands of mesothelioma victims and their families, far more than any other firm. This experience has taught us what it takes to win against almost any defendant.

At the same time, it has taught us how unique each mesothelioma case is, and how important it is for us to work very closely with our clients throughout their case.

KNOWLEDGE

Our attorneys are extremely knowledgeable about mesothelioma. They are invited to speak at national and international conferences on asbestos-related illnesses.

This inside knowledge can give us an edge as we prepare and present your case. Mesothelioma cases are quite different from other personal injury cases, so this level of expertise is critical in getting you the compensation you deserve.
